Nexsys is the leading solutions wholesaler in Latin America, with a presence in 22 countries in the region. Founded in 1989 as one of the first technology distributors in Latin America, it is one of the most experienced companies in the sector. Its network of business partners includes the most important resellers, VARs, ISVs, and systems integrators in the region. Currently, it markets solutions from the world's leading IT manufacturers and has become a strategic partner for manufacturers and distribution channels, thanks to its market knowledge, business model, service structure, regional presence, support scheme, and channel development.
